

GRANDMA

Grandma's in the cellar
Lordy can't you smell 'er
makin' blackberry jelly on the stove.
There's a boil on her belly.
It's drippin' in the jelly,
And the "hoch" keeps dripping down her nose.

Chorus: Down her nose, down her nose,
And the hoch keeps dripping down her nose. (repeat)

2. Grandma's
.....Smell 'er.
Makin' muffins on that greasy basement stove.
In her eye there is some matter
And it's drippin' in the batter
And the "hoch"etc.
Chorus.

3. Grandma's
.....Smell 'er.
Makin' hotcakes on that darned old greasy stove.
Only now they are not hotcakes,
Now they're snot cakes.
And the "hoch" etc.
Chorus.
